Course background & History

Program ini dianjurkan bertujuan untuk memperkuat jalinan kerjasama yang sedia ada bagi mempertingkatkan keupayaan di dalam sektor Pertanian di antara negara-negara Asia.

Ia telah memasuki Fasa yang ketiga dan dibiayai sepenuhnya oleh Kementerian Pertanian, Perhutanan dan Perikanan Jepun (MAFF)

Secara keseluruhannya data statistik yang ditunjukkan oleh negara-negara di rantau Asia menunjukkan bahawa 45-70 % tenaga kerja terdiri daripada golongan wanita sekaligus sebahagian besar negara Asia menganggap golongan tersebut sebagai tulang belakang ekonomi pertanian.

Objektif Program

Knowledge gathered from the courses attended

- o Berkongsi pengalaman terhadap penerapan gender dalam pembangunan sektor Pertanian di kalangan negara Asia
- o Mengenalpasti isu-isu yang melibatkan genderism yang wujud di dalam sektor pertanian
- o Mengenalpasti cabaran yang dihadapi terhadap pelaksanaan isu genderism
- o Menyediakan Pelan Tindakan kerja dalam menanggapi isu yang berkaitan dengan genderism dalam Pembangunan sektor Pertanian

Metodologi

Method/ approaches that were used during Courses attended

- o Knowledge Sharing – Country Paper Presentation toward Gender Status / experiences in the ASEAN Countries
- o GAD experience in Japan and Philippines
- o Theory of Understanding Gender and Development in class
 - o Role playing activities
 - o Interactive activities (Q&A)
- o Field Visit
 - o MoCA Family Farm in **Prade Garcia, Bantangas**
 - o Women Cooperative Cambingan **Eba, Lipa**

LIPA

- o Terbahagi kepada 72 Barangay
- o Iklm Monsun Tropikal (Jun-April-Musim Kering) dan mempunyai kelembapan yang tinggi sepanjang tahun
- o 86 km daripada Manila
- o Merupakan bandar yang paling popular di Batangas

Field Learning Visits

CUMBA, BARANGUY OF LIPA CITY
CAMBINGAN in EBA

Kumpulan Wanita yang
mengusahakan **integrasi
ternakan Kambing** secara
berkelompok

Tanaman utama adalah
kopi, Jagung dan lada
hitam

Kandang diusahakan
secara gotong Royong oleh
peserta

Menggalakkan ahli untuk
aktif dan Kreatif dalam
penghasilan Kraftangan,
cenderahati untuk
pengunjung

Cabaran

Exension Officer perlu menguasai ilmu asas yang berkaitan dengan semua aktiviti pertanian (tanaman, perikanan dan ternakan)

Pemasaran produk agak terhad disebabkan kesukaran untuk ke luar daripada kawasan bandar

Tiada diperuntukkan dana khusus untuk pembangunan projek

Khidmat nasihat asas diberikan oleh agen Pengembangan Kawasan

MoCA FAMILY FARM

"The 21st century family farmers must be able to perform multiple functions that can provide multiple economic, social and ecological benefits. Benefits not just for their farm families but also for their communities, societies and humanity."

“I strongly believe that the answer to sustainable future and rural development is the return to family farming.”

- GIGI MORRIS
MoCa Family Farm RLearning
Center President and School Director

I was in the apparel business in Paris before I farm and I was able to bring all my skills and industry experience from fashion to farming! If these new breeds of family farmers start employing an average of five people in the community - it will make a significant contribution to generation of employment in our countryside. Add to this, is the possibility of sustainable farm tourism and agribusiness operations - I am truly excited! If as parents, we can show excitement in farming, we don't need to force agriculture to our children, the appreciation in farming will grow in them naturally. –

Ka Gigi Pontejos-Morris

MoCa Family Farm

Family, Farm, Fun, Food & Education (4Fs & 1E)

Prof. Bob Morris

Bob is a University of Nevada Emeritus Professor. He has spend years with the university as horticulture specialist and irrigation expert. He worked with University of California, Davis on an agricultural project assignment in Afghanistan. Currently, he is a private consultant with several agricultural entities.

He also writes regularly for several publications and maintains his gardening and agri blog at <http://xtremehorticulture.blogspot.com>. He is a Consulting Editor for the American Society for Horticulture Science. The inspiration for MoCa Family Farm's farm to table concept came from Bob's initiatives in Farmers to Chefs program in the Las Vegas community.

He will share with us pruning techniques adopted to our Philippine farm environments. Learn, chat, dine and have coffee with Bob in this event!

Limited participants only. Aug. 29 from 8:30 am to 4:30 pm
Reserve before Aug 21 to avail of early bird rate of ₱1,600/person.
After Aug. 21 - ₱2,000/per person.

ACTION PLAN

No	Present Situation & Problem	Necessary Activities	Expected Outcome
1	Local Department of Agriculture focal points / State Department of Agriculture do not have information on updating Gender Mainstream policies.	1 State department of Agriculture Focal Points on Gender And Development	1 Knowledge on Gender Mainstreaming policy will be increase and become Gender sensitive
	No specific data based have been provided for Gender Sensitive	2. online Agisgeoportal by inserted element of gender computation	2. Agrisgeoportal will become relevent and acquireable big Data provider

FINDING /OUTCOME

1. Koperasi yang ada perlu **diorientasikan** ke arah pengurusan yang lebih berdaya saing dan berdaya maju bagi mengurangkan kebergantungan petani kepada Jabatan / agensi Kerajaan
 - Kemudahan pinjaman jentera dan kelengkapan pertanian
2. **Kerjasama strategik** di antara syarikat/ usahawan yang berdaya maju dalam membangunkan pertanian
 - Jabatan berfungsi sebagai pemantau dan penilai
 - Mengeluarkan akreditasi/ pentauliahan

FINDING /OUTCOME

3. Pengiktirafan terhadap pihak syarikat / usahawan yang memenuhi kelayakan sebagai co trainer kepada petani setempat
4. Memperkukuhkan / mewujudkan program komuniti yang sediaada sebagai pemangkin terhadap dasar kerajaan dan mampu untuk memberikan sokongan yang diperlukan oleh masyarakat setempat
 - Agihan pemasaran di kebun-kebun yang berhampiran
 - Mengenakan kos yang paling minimal
5. Mengintegrasikan Natural Farming/ Amalan pertanian Baik dalam Agrotourism bagi merealisasikan jaminan keselamatan makanan dapat dicapai

Kesimpulan

- ❑ Kekurangan dari segi pengumpulan data yang berasaskan kepada Gender indicator. Di Malaysia walaupun terdapat data yang berasaskan jantina dikumpul dan dijana secara tahunan, ini disumbangkan oleh badan-badan R&D yang melakukan secara sukarela. Laporan tersebut tidak akan merangkumi keseluruhan data yang sebenarnya.
- o Rata-rata wanita di kawasan pedalaman negara ASEAN mengalami fenomena yang agak sama terutamanya agak ketinggalan dalam pendidikan, sosioekonomi dan kerjaya. Walaupun Malaysia merupakan negara yang agak kehadapan masih ada lagi dalam peratusan yang kecil yang perlu diberi keutamaan dan ditangani.
